REASONS FOR THE CHANGES IN USE OF PROCEEDS

A dense, abstract black and white pattern consisting of numerous small dots and triangles scattered across the page. The shapes are distributed in a seemingly random but rhythmic fashion, creating a textured, almost musical visual effect. The dots and triangles are of varying sizes and are interspersed throughout the entire area, with some clusters and some sparse regions. The overall composition is balanced and visually engaging due to the contrast between the black shapes and the white background.

This image is a complex, abstract black and white pattern. It consists of numerous small, solid black shapes—primarily dots and triangles—arranged in a dense, grid-like fashion. The shapes are scattered across the page, with some appearing in small clusters and others in more isolated positions. The overall effect is that of a highly detailed, textured surface, possibly a close-up of a printed page or a digital graphic. The pattern is reminiscent of a musical score, where the dots and triangles could represent notes or rests, or it could be a complex diagram or a form of data visualization. The high contrast between the black shapes and the white background makes the pattern stand out prominently.
